Earth moving & construction
(Retaining ponds, etc.)

When you need the ultimate articulated four-wheel drive machine to tackle vast acreage at your ag tech school or university and pull large earth-moving implements, the only machine you want is the MT900E. With new advancements, you'll experience an enhanced work environment that allows you to be more productive.

MT900E

The Challenger® MT900E Series is one of the most rugged and powerful articulated four-wheel drive tractor lineups in the industry, with output ranging from 500–600 horsepower. It packs all the horsepower, size and weight you need to master any jobsite — even the big ones with steep slopes and rough terrain. And today's MT900E models are more efficient, user-friendly, comfortable and reliable than ever before.
