

Amplexor Overview

Region 4 has publicly awarded a competitively solicited cooperative purchasing agreement to Amplexor ([contract #R180701](#)). OMNIA Partners, Public Sector participants can use Amplexor's language services to remove communication barriers with any audience, including Deaf and hard-of-hearing (HOH) communities.

Approximately 15 percent (37.5 million) of American adults age 18 and up report some trouble hearing. What does this mean for your organization and how it caters to deaf and HOH individuals?

What are CART and ASL services?

CART

- CART is a real-time captioning service that provides instantaneous text for individuals who are deaf, HOH or learning English as a second language
- Speech is converted to text instantly by a person using a stenotype machine (similar to a typewriter) and specialized software
- The real-time text can be converted to numerous platforms, such as
 - Webpages (on any device)
 - Monitors / screens of any size for large or small audiences
 - Streaming platforms (e.g., Zoom, Elluminate, WebEx, Facebook, YouTube, Adobe Connect, etc.)

ASL

- ASL serves as a visual language for deaf and HOH individuals
- ASL interpreters use hands, body movements and facial expressions to convey information

Best-in-class resources

We only use certified, proven resources for CART and ASL solutions.

- All CART captioners are certified by the National Court Reporters Association
- All ASL interpreters are certified by the National Association of the Deaf and by the Registry of Interpreters for the Deaf

We solve challenges for a wide range of OMNIA Partners Participants

We have extensive experience providing CART and ASL solutions for the Primary Education, Higher Education and Government sectors.

Primary Education

- Training and classroom instructions
- Audio / video resources
- Student / parent / teacher communication
- Inclusion, learning and development of
- English-as-a-second-language students, deaf and HOH students

Higher Education

- Training and course instructions
- Audio / video resources
- Student / instructor communication
- Inclusion, learning and development of
- English-as-a-second-language students, deaf and HOH students

Government

- Legal and compliance communication
- Communications during government sanctioned events
- Communication during court-ordered hearings
- Information and communication for non-English-speaking populations, the deaf and HOH
- Audio / video resources
