COVID-19 has changed the education landscape. Many schools are adopting new technology and software at a rapid rate. As a result, educators are struggling to balance their workloads, while adopting new skillsets in ways that are not optimal. Connection now offers solutions to help turn the tide.

EdTechTeacher is a nationally recognized professional development provider with a team of former classroom teachers that are dedicated to supporting districts, schools, and educators with the thoughtful use of educational technology to support student learning.

In conjunction with EdTechTeacher, Connection's professional development services assist educators with integrating appropriate and meaningful tools to increase the effectiveness of both teaching and learning. Our training courses include:
