

RFP #20-09 Unified Communications as a Service (UCaaS)

Questions & Answers

Q. The School District can terminate on 10 days' notice, so the sales team needs to be aware of that and needs to determine whether the commercials still make sense given the School District could terminate at any time on 10 days' notice without penalty.

Do we have the customers stance on the termination clause? As it reads there is no way we would be able to agree to that.

A. *Suppliers are allowed to make note and take exceptions for consideration.*
