Over the years, Haworth has grown and evolved, investing in design and research while expanding our product offering and global reach to meet the changing needs of our customers. We've aligned our strategies to ensure we're providing workplace solutions that enable your success. Our global headquarters serves as the foundation for our deep commitment to people and planet—in line with our core values. It mirrors our sustainability vision, which drives the practices and processes we follow around the world.

## OUR SUSTAINABILITY VISION

Sustainability is rooted in our values, and our corporate vision conveys the pledge we make to our customers, employees, community, and the environment:

*We engage our people in sustainable practices; we initiate and use processes that are neutral or improve our environment; and we utilize our resources in ways that create adaptable and sustainable workplace solutions for our customers. We do all of this globally to protect and restore our environment, create economic value, and support and strengthen our communities.*
