Could you clarify if this includes new capital construction, and if not, is the University's intent to require the use of this contract in new capital construction projects? New capital plan is \$14 bn between 2016 and 2022. The reason it's so important to include capital construction's use of the soon to be awarded contract is if you allow materials onto your campus where no known	Sharon Johnson (Contracts.Group@Interface.com)	-	No	No
