

# Managed Asset Portfolio Program

Asset management strategies customized to your organization.

## ABOUT MAPP

The Managed Asset Portfolio Program (MAPP) is a unique fixed income investment strategy tailored to the needs of institutional clients. TCG helps manage portfolios that meet cash needs while providing additional yield. We have gained the trust and respect of our municipal, governmental, and school district clients by providing elite asset management and investment solutions.

## WHAT YOU GET

- ✓ Protection from the consequences of mismanaging assets
- ✓ Preservation of your time and effort so you can focus on running your organization
- ✓ Guidance and support from our experienced team of advisors

### Investment Advisory

- We conduct an in-depth analysis of your individual situation
